The 2021 Chevrolet TrailBlazer is another compact crossover SUV from Chevrolet, sharing a similar name to the 2019 Chevrolet Blazer but positioned in a different segment. Like the 2019 Blazer, the TrailBlazer is a stylish and modern vehicle, appealing to buyers who prioritize design and practicality.

Positioned below the 2019 Chevrolet Blazer, the 2021 TrailBlazer targets the subcompact SUV segment, which has gained popularity due to its smaller size, affordability, and fuel efficiency. It is intended to fill the gap between the smaller Chevrolet Trax and the larger Equinox.

The 2021 TrailBlazer comes with a choice of two turbocharged engine options. The base engine is a 1.2-liter three-cylinder turbo, generating around 137 horsepower, while the more powerful option is a 1.3-liter three-cylinder turbo, producing approximately 155 horsepower. Both engines offer decent performance and fuel efficiency, making them suitable for city driving and occasional highway trips.

Just like the 2019 Blazer, the 2021 TrailBlazer is available with various tech features, including Apple CarPlay, Android Auto compatibility, adaptive cruise control, and forward collision mitigation, making it appealing to tech-savvy buyers. Additionally, it offers a spacious cabin with comfortable seating for five passengers and a user-friendly infotainment system.

Was Your 2021 Chevrolet TrailBlazer Involved in a Car Crash?

It was a regular day, you were minding your own business and unexpectedly had a car accident. Did you know that a wrecked and repaired car can lose over \$5,580 in value?
